

"SAFETY THAT SOARS"

ISHN's 2008 Site-Specific Safety & Health Performance Award

ISHN is searching for "SAFETY THAT SOARS" — single-site facility locations that use innovative and unique methods to achieve safety performance that soars above the average. We want to recognize and share best practices with our 71,400 readers.

Why you should enter:

- **A representative from the winner and two runner-ups** — at our expense — will attend ISHN's 2008 "Safety that Soars" award presentation at the ASSE's Professional Development Conference & Expo, June 9-12 in Las Vegas!
- Your location's safety and health program and performance results will be profiled in **ISHN's June 2008 issue**.
- You will receive an electronic PDF **reprint** of the feature article profile to promote your performance achievements.
- You will receive ISHN's "**Safety that Soars**" **eagle trophy** for permanent display at your location.
- Your company representatives attending the awards presentation will receive **gift bags** with sample products from ISHN's award sponsors.
- **Entering the contest is easy!** Simply complete the 10 questions listed on the following two pages.

Deadline for entries: **April 11, 2008**

E-mail entries to Bill Noone at NooneB@BNPmedia.com, or fax to (248) 502-1053

Call Bill Noone, ISHN Managing Editor, with questions at (215) 663-9349.
