

Supplier Prequalification

Verified Prequalification Data Without the Administrative Burden

Prequalifying suppliers is an important first step to managing supply chain risk. However, doing so is a burdensome task for you and your suppliers. Avetta's Supplier Prequalification solution streamlines the process through a combination of services and technology. The result is accurate and up-to-date prequalification data - without the headache.

How it Works

1

Communicate your prequalification requirements to suppliers via our intuitive online platform.

2

Suppliers complete questionnaires, provide relevant performance indicators, and upload supporting documentation.

3

Suppliers complete questionnaires, provide relevant performance indicators, and upload supporting documentation.

The Benefits

Efficiency

Avetta's cloud-based platform delivers the information you need while reducing duplicate processes for your suppliers.

Reduced Burden

Avetta collects and verifies prequalification data so you can spend less time and money on administrative efforts.

Visibility

Don't let supplier risk go unseen. Avetta's centralized online platform gives you anywhere, anytime access to effectively manage your supply chain.

Better Decisions

Guide your organization to sound business decisions and proactively mitigate risk with accurate and current supplier data.

Avetta definitely saves us time and money in terms of sourcing great suppliers. We were looking for a rigging contractor, so I went on the Avetta site and found somebody that was local. They were already green flagged, so we hired them and we continue to use them to this day. - **Nick Wilkerson, Safety Director, SBA Communications**

The Capabilities

Performance Indicators

Avetta collects and verifies TRIR, EMR, DART or any performance indicator your company needs to better understand your suppliers' past performance.

Custom Questionnaires

Custom information is never a problem. The Avetta system is extremely configurable and delivers a personalized view of the risk within your supply chain

Professional Support

Avetta's compliance professionals verify and regularly update prequalification data. Assistance is always available via chat, email, phone, and help center teams.

Prequalification Form

Commonly requested supplier data such as safety programs, certifications, and diversity information is collected. Only relevant questions are presented to suppliers depending on their trade and risk level, saving them valuable time and effort.
